

REPORT OF SMOKE FREE POLICY VIOLATION

Smoking is prohibited in any areas of FHC buildings, facilities, or properties, including residential units and balconies or patios. This includes all indoor areas, public and private; and all outdoor areas within 25 feet of the housing and/or office building.

Smoking means inhaling, exhaling, burning, or carrying any lit or heated tobacco or other product or material (including legally prescribed medical marijuana) intended for inhalation in any manner or in any form, including electronic cigarettes and “vaping.”

You may use this form to report violations, or submit a written report of your own in any format. You can drop reports at the office or in the drop box at either building.
